

MAY NEWS...

Believe it or not, the end of the school year is just around the corner. And as it approaches us, we begin to dream of the warm and sunny days that summer promises ahead.

At school children continue to work diligently and learn more and more every day. The science area is, at this time, one of the most popular. Our students have been and will continue to work on a few science projects during the next few weeks so we are all looking forward to those experiments. Other areas such as math, art, geography, and language continue to keep our young learners enthusiastic and excited about learning new things and becoming more independent with each day that goes by. They are able to perform more tasks by themselves so... good for all of them!!

The month of May is a busy one for everybody at school. In addition to the work children do in the classrooms, our students are also working on the great songs they will be performing for us at the End of the School Year Show. Please check the May Calendar and Save the date.. **You don't want to miss it!!!**

I would like to take this opportunity to congratulate the twelve students in Miss Sue's class for the amazing work on their Science Projects and presentations at the Science Fair, and for their participation in our "School's Annual Spelling Bee" on Friday, April 28. They did a terrific job and we cannot be more proud of each and all of them. Thanks to all the parents for their hard work, dedication and support.

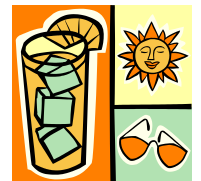

And as we always say.... Go with the flow and enjoy the day!!

Happy May Everyone!

Miss Alejandra

Summer Program

Our last day of school is Friday, May 26th. Our Summer Program begins Tuesday, May 30st. Great indoor/outdoor projects, field trips, water fun, and the opportunity to reinforce concepts and skills that children learned throughout the school year make our Summer Program a very exciting one. Please check the additional information regarding the summer curriculum in your child's folder.

If you have any questions regarding our Summer Program please contact Miss Alejandra.
